The screenshot displays the COSMO web application interface. At the top, the COSMO logo is on the left, and a trial notice "TRIAL VERSION AND EXPIRES IN 30 DAYS" with an "Activate Now" button is in the center. The user is logged in as "Administrator Cosmo". The main navigation bar includes "Dashboard", "Setup", "Actions", and "Environments". The left sidebar shows "ENVIRONMENT +" and "Service Status". A message states "No Environment Data Exists".

The "Schedule" dialog box is open, showing the following configuration:

- Environment / Service:** Development
- Host / IP Address:** tclab1:9300
- Frequency:** Seconds (selected), Minutes, Hours, Daily, Weekly, Monthly
- Recurrence:**
 - Every:** 5 seconds
 - Starts On:** 06/13/2016 10:43 AM
 - Ends:** Never (selected), After, On

A summary line reads: "Summary : Service runs every 5 seconds which starts on 06/13/2016 10:43 AM". At the bottom of the dialog are "Save" and "Close" buttons.
